### *Did you Know?*

*In 1915, the freshmen football team purchased a real bobcat to be the university's first mascot. He was named "Rufus Arizona" after University President Rufus B. von KleinSmid. Unfortunately, on April 17th, 1916 Rufus passed during a gymnastics stunt accident. Several bobcats succeeded Rufus over the years. Then, on Nov. 7, 1959, the first costumed mascot, created by UA students Richard Heller and John Paquette, was introduced at a football game against Texas Tech University.*
